DEAR COLLEAGUES

On behalf of the World Institute of Pain and the Organizing Faculty, Drs. Miles Day and Agnes Stogicza, we are pleased to invite you to attend our 2025 WIP Annual Course, which will be held from March 14 to 16, 2025, at the Lake Nona Wave Hotel in Orlando, Florida.

The World Institute of Pain courses were established in 1995 with the primary objectives of educating physicians to promote the development of safe, high-quality practice of interventional pain management techniques for the diagnosis and treatment of pain and related disorders and to promote patients' accessing pain management from all corners of the world.

Program Highlights:

- Review Course with hands-on cadaver workshops for those preparing for the FIPP (Fellowship in Interventional Pain Practice) and CIPS (Certified Interventional Pain Sonologist) exams.
- Mock Exam Station to help candidates better prepare for the CIPS exam.
- Examinations: Both the FIPP and CIPS exams will be offered on Sunday, March 16, 2025. The FIPP Examination will be available in English and Spanish.

We are excited to offer this comprehensive educational experience in Orlando and look forward to your participation. It will be an excellent opportunity to advance your expertise in pain management, connect with peers, and prepare for certification exams.

We hope to see you in Florida in March 2025!
